

## The Importance of believing in the Last Day

It strengthens our belief to Allah's knowledge, wisdom and justice. It makes us understand that Allah did not create the world aimlessly.

***It helps us understand the reason for our existence, the ultimate goal that we should seriously pursue, and the final destination of Allah's creation.***

It encourages us to act righteously in order to deserve the Last Day's rewards and avoid its punishment.

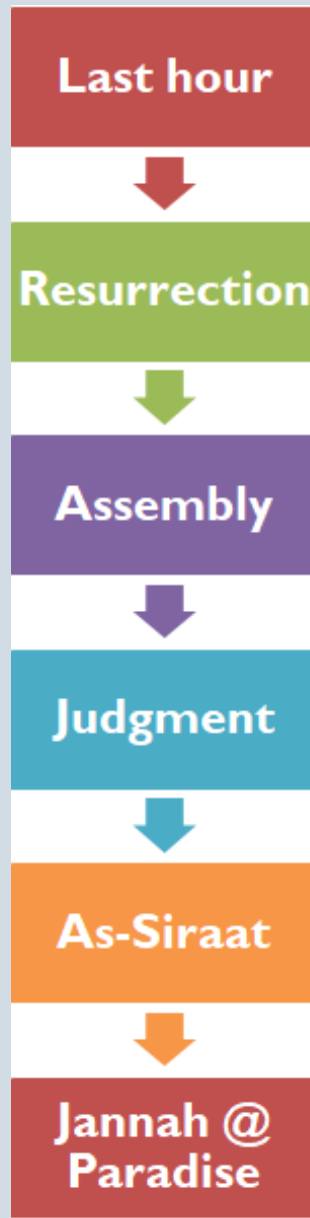

## When is the last Day?

Allah did not reveal to anyone the time of the Last Day, not even to His messengers or close angels

“TO HIM BELONGS THE KNOWLEDGE OF THE HOUR”

Surah Fussilat:47

## SEQUENCE OF MAJOR EVENTS DURING JUDGMENT DAY

*Believers and Non-believers (including Hypocrites) will go through all the process from Last Hour until Judgment.*

**After the Judgment, some Non-Believers will go straight to the Hellfire. Others will go to the next stage which is As-Siraat.**

**Many believers who committed major sins and had a few good deeds will be painfully punished in Hellfire before they are admitted to Jannah**

From As-Siraat, the True Believers will cross the Bridge to Jannah (Al-Qantarah) and will enter Jannah forever.

For additional humiliation, some hypocrites will be delayed and will only fall into the Hellfire while passing over the Siraat.

And the punished believers will eventually go to Jannah forever
